PROFILE

I am a driven, devoted and enthusiastic individual who is seeking my first opportunity as a Full Stack Developer after graduating the Coding Academy's 640-hour bootcamp. I want to make an impact and give my all in order to be a part of a team that is passionate about their product and goals.

My latest project built with React, NodeJS & MongoDB can be found [here](#):

WORK EXPERIENCE

AUTOCAD DRAFTER

DataMap G.I.S Group | 2020 - 2022

- Managed several projects and acting as the main focal point that facilitated communication between all counterparts while accomplishing goals in a timely manner.
- Implemented an efficient work procedure that saved me and my colleagues time.

AUTOCAD DRAFTER

Kav-Medida Group | 2018 - 2020

- Manage multiple teams by coordinating, planning, and implementing daily projects.
- Identify project requirements and modify designs in accordance with company standards and best practices through direct coordination with engineers and project managers.

OPERATION AND BAR MANAGER

Benedict Restaurant | 2012 - 2018

- Manage all operational aspects of the business to ensure business goals are met.
- Recruit, train, and lead large teams, define work processes, procedures and targets.
- Responsible for short- & long-term commercial planning.

EDUCATION
